

May 1980

Here it is 1980's version of news and information. I know it's a little late for St. Patrick's Day and Easter but here's hoping all was merry and happy.

Things are really cooking in the office with interviews and contracts, people to meet and people to see and tons to do. K.K. '80 is around the corner and as Julian and Olga keep reminding me summer is also around the corner so if you haven't contacted me about this year I think it's time.

As most already know, Nancy Sawyer is the Assistant Director and she is readying pre-kamp and the K.K. Reunion at the moment as well as interviewing potential staff. By the way, just to give everyone an idea of what's happening this year. It's our hope to get the tripping staff out on at least a 3 day trip together. Julian and Yves have spent a lot of time sanding and painting canoes. So we'll have a full fleet in the H2O this year. The Hebertism course hopefully will be put back into use with various new ideas for it. Chris Adams is going to help set up a nature awareness program and visit on days off from his Technology courses at Vanier. We have learnt of new ways of presenting orienteering and complimenting them with a nature trail, developing this activity could be quite a challenge. These are some of the things planned for this year, if you have any suggestions give Nancy or I a call.

First-aid

The Quebec Camping Association is offering a standard first-aid course (St. John Ambulance) adapted for summer camps June 7 and 8 at St. Jean House. You must register before May 15, 1980. Remember a valid First-aid certificate is compulsory for camp. The cost is \$15.00.

Nancy's J.G.

Kevin Forster has become a maritimer. He is now Director of Camp Glenburn in St. John, N.B. Good Luck Kev and Happy Kamping. Daves Bennet and Scammells will be heading to K.K. for pre-season work with Julian and they're looking for some good bug repellent. Sue and Jeff have announced that they'll be tying the knot in July and they've moved to Toronto - address at the bottom. Johanna is becoming an Inuit for the summer, counting fish and mapping harvest areas. Bob Woodhouse hopes to become a Voyageur but he hasn't figured out how to get 5 brokerage lines into a canoe and keep his fulltime job.

Nancy's J.G. Cont'd

Doug Peets has taken out shares with Coke and Humpty Dumpty. Rosemary has decided to become a Rover for Senior Boys and has been taking courses in Correctional Behavior.

My Thought for the Day

If Dave O'Donnell is a Master Canoeist does that make Steve Wells a Master Boater.
